

## My Week At Camp

By: Jonathan Eisenhuth

Camp Long Point has made my relationship with God grow very much. No matter what we did it was all tied to God in some way. We prayed before each meal; breakfast, lunch and dinner. The food tasted like real homemade food. Before bed each night we had a snack with a prayer. Also, during the day we all got a dollar for the snack shack.

Each day was packed full with fun activities. During the outdoor activities we had lessons about God but it was around a fire. We ate delicious smores. At the ball field, we played kickball and baseball. In the courts, we would play 3 on 3, horse, king of the court or just had time to free shoot. When in the gaga pit was every man for himself in a fair game of dodge ball. At the pool, we would take a swim and laid in the sun for two hours. In the arts and crafts groups they all made friendship bracelets for one another, friends and their loved ones.

In the end we all went home with four things, a spirit of excitement, a new wonderful memory, a t-shirt and a bible.
